HELLO!

I'm a character and effects animator with a strong sense of design and color palettes. I take pride in my ability to work in a fast-paced environment, maintaining my speed and precision, while still being able to foster creativity and humor on projects. I'm capable of leading a team, but I can also take direction and collaborate with my fellow artists. I'm eager to take on new challenges and look forward to working with a company that allows me to grow.
